Make sure it's the real thing

Not all coloured steel fencing is made from COLORBOND® steel. Be sure to get what you pay for. Fencing made from COLORBOND® steel is branded with a subtle laser engraving (on either side of the fence) at least three times on each 2.4 metre fencing section. This subtle laser brand can be found in the centre of each fencing sheet within the panel.

Only genuine COLORBOND® steel is backed by a warranty¹ from Australia's BlueScope. Look for the brand.

Why is COLORBOND® steel so tough?

Panels made from genuine COLORBOND® steel are made by BlueScope using an advanced 4-step process to ensure it lasts beautifully.

- Step 1.** A base of ZINCALUME® steel ensures outstanding anti-corrosion performance.
- Step 2.** A conversion layer is chemically applied to enhance coating adhesion.
- Step 3.** A polyester primer is baked onto the surface.
- Step 4.** A topcoat of specially developed exterior grade lead-free paint is baked on to enhance resistance to chipping, peeling and cracking. Our highly durable polyester technology ensures the painted finish retains its look for longer.

Fencing provider:

¹Warranty subject to application and eligibility criteria. For full terms and conditions and to determine the eligibility of your fence for the warranty visit www.bluescopesteel.com.au/warranties or call BlueScope Steel on 1800 022 999.

²For Maintenance of COLORBOND® steel see Technical Bulletin 4 at steel.com.au/library.

³The COLORBOND® steel colours shown in this brochure have been reproduced to represent actual product colours as accurately as possible. We recommend checking your chosen colour against an actual sample of the product before purchasing as varying light conditions and limitations of the printing process may affect colour tones. To determine the most suitable material for your project, please contact your supplier or see www.colorbond.com

Fencing

Make your great outdoors even greater

Fence colour – Summershade®

Invite the indoors out. Create your own private oasis with a beautiful fence made from COLORBOND® steel.

Enjoy the strong, long-lasting beauty of a fence made from COLORBOND® steel, knowing it's made by BlueScope for Australian conditions.

Fence colour – Red Oak®

Fence colour – Bluestone®

Love your outdoor retreat

With its clean, sleek lines and no exposed railings, fencing made from COLORBOND® steel looks great whichever side of the fence you're on. You can choose the fence or gate design you want and personalise it by adding lattice, pickets, slats and post caps. Check with your fencing supplier.

Make the right choice

Wherever you live in Australia, you can rest assured that all genuine COLORBOND® steel is made by BlueScope to consistently high standards.

COLORBOND® steel is 100% termite proof and won't rot.

It's also non-combustible and resists the progress of fire. That's important when you consider the number of Australian homes in metropolitan and surrounding areas located [close] to bushland. A fence made from COLORBOND® steel is a smart choice, providing you the security you need and good looks that last.

Think strength ...
think COLORBOND® steel

Tested and developed for almost 50 years in some of Australia's harshest conditions, so you have the peace of mind of knowing COLORBOND® steel is made and tested for Australia and backed by a warranty¹ from BlueScope, one of Australia's largest manufacturers.

Fence colour – Teatree®

Feel safe and at ease

When installed correctly a fence made from COLORBOND® steel has smooth surfaces and close fitting panels without any vertical gaps, obvious footholds or loose palings. This helps keep your home private and secure so you can be more confident your kids and pets are where they should be.

Fence colour – Harvest®

Sit back and relax

No more painting, oiling or having to nail palings back on. Fencing made from COLORBOND® steel is low maintenance giving you great value for money. All it needs is an occasional wash² and removal of any debris to keep it looking beautiful well into the future.
